

The Largest Tube and Profile Fair in Türkiye Will Take Place in Istanbul in 2025!

Bringing together tube, profile, and fastener manufacturers and industry professionals from around the world, the Tube Eurasia Fair is set to return in 2025! This prestigious fair will be held from April 9-12, 2025, at the Tüyap Fair and Congress Center in Istanbul, leveraging 45 years of experience from the Tüyap Fair and in collaboration with Messe Düsseldorf and Turkish Steel Pipe Manufacturers Association (ÇEBİD). International exhibitors and professional visitors will meet at this significant platform that is shaping the future of the tube and profile sector.

The Remarkable Success of the 2023 Fair

Tube Eurasia Fair in 2023 drew significant attention, welcoming over 300 exhibitor companies and 10,513 visitors from more than 70 countries, making a strong impression in the industry. Professional visitors from Europe, the Middle East, and Asia had the opportunity to discover the latest innovations in tube and profile technology. Through collaborations with industry leaders and the establishment of new business connections, the event set the stage for millions of dollars in business turnover.

A Larger Fair with Goals for 2025

In 2025, the Tube Eurasia Fair will continue to strengthen its position in the industry, aiming for over 400 exhibitor companies and 15,000 professional visitors to be welcomed in 6 halls. Featuring a diverse range of products and services such as tubes, profiles, fittings, and industrial equipment, the fair will continue to be a hub for innovation and business opportunities.
